Offers Over £400,000

14 Weale Grove

Being attractively positioned within a cul-de-sac and having ample block paved parking to the front, this semi-detached house has been much improved to afford beautifully presented accommodation of considerable versatility. The enlarged lounge features an exposed brick chimney breast with inset wood burner, whilst arguably the most striking feature of the house is the full width single storey extension across the rear, which adds a large exceptionally well fitted dining kitchen, off which there is also a utility room and cloakroom. The original garage has been converted to a room presently used as a home office, but which alternatively could be a fourth bedroom or playroom, whilst on the first floor the three bedrooms are complemented by a re-fitted shower room. The aforementioned block paved forecourt provides good parking in addition to a largely decked and easily maintainable rear garden. This is an ideal young family home offering enlarged accommodation of both style and versatility.

LOCATION

Weale Grove forms part of the Woodloes development which lies a short distance north of central Warwick and is well catered for with its own range of day-to-day facilities and amenities including shops, a primary school, doctors' surgery and the Woodloes Tavern public house. Central Warwick, with its further range of shops, independent retailers and historic buildings is easily accessible, as is Warwick railway station. Additionally, there are excellent local road links available including those to the Midland motorway network and neighbouring towns and centres including Kenilworth, Leamington Spa and Coventry.
